

SolarTech Power Solutions

10-inch special energy storage container

Overview

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What is a 10ft steel storage container?

10ft steel storage containers are suitable for a wide range applications, such as storage for schools, allotments, clubs, businesses, construction sites, and conversions. We can even create a 10ft container office. Their neat 10ft length makes them ideal for smaller spaces, or smaller storage loads.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.
