

SolarTech Power Solutions

36v to 12v inverter

Overview

● 36V to 12V DC voltage buck converter, selectable 5-60A output current with up to 95% conversion efficiency. ● Output power from 60W-120W, input voltage range of 50A buck converter is 30-50V. ● The buck converter has short circuit, over current, waterproof IP68, over temperature, and over voltage protection. ● Used to step down 36V to 12V, suitable for applications in automotive systems, LED lighting, and industrial equipment.
