6 Outdoor Portable Power Banks

Overview

Which portable power bank is best for backpacking?

Nitecore and INIU have limited international support. The best portable power bank for your backpacking adventure depends on your specific needs, but our testing reveals clear winners in each category: For most backpackers: The Nitecore NB10000 Gen 3 offers the best balance of weight, capacity, and reliability.

Which power bank is best for outdoor use?

If you plan to use your power bank for outdoor applications such as hunting, backpacking, and off-roading, we recommend one built to withstand rugged use. On this list, the Nestout 15,000mAh Outdoor Battery, Dark Energy Poseidon Pro 10200, and Wuben Lightok X3 Owl EDC Flashlight are all rated to withstand getting wet.

Why should you buy a portable power bank for camping?

This portable power bank for camping excels in harsh conditions where other chargers fail. What Makes It Special: Real-World Performance: This power bank accompanied us through a week of NW Michigan rain and performed flawlessly. After accidentally dropping it in a stream, it continued charging without missing a beat.

What is the best power bank for camping?

Offline maps. Getting down to less than 10 percent on a camping trip can be a little stressful. The Charge 40 PD was one of the best power banks for camping in the 10,000mAh range during testing, and it has a budget friendly price. The BioLite Charge 20 PD is exactly what you need at the right price.

What is the best power bank for charging large devices?

Best Power Bank for Charging Large Devices: UGREEN 145W (\$100) After logging more miles with our top power bank picks and testing some new ones,

we've made some updates to our list: The new Nitecore NB10000 Gen 3 moves to a top spot with its incredible efficiency to weight performance, lightweight, and portability.

What makes a power bank durable?

Durability is a major factor in how brands design products for our use and abuse. Every power bank on this list passed our standardized drop-testing onto concrete from 2 feet. Most of them carry ratings that will protect the power bank from taller heights. This type of rating is important because accidents happen.
