American new energy solar panel manufacturers

Overview

Other notable names in American solar manufacturing include Solar4America, Silfab Solar, Heliene, Jinko Solar, and Mission Solar. Here's the full list as of August 2025, according to the DOE: Who makes solar panels in USA?

First Solar, Hanwha Q Cells, Canadian Solar, T1 Energy, and Illuminate USA are the top 5 solar panel manufacturing companies in the US, ranked based on their production capacity in 2025. Are solar panels manufactured in the USA?

Yes, solar panels are manufactured in the USA.

Who are the top solar panel manufacturers in the US?

In this blog, we have covered the top solar panel manufacturers in the US, ranked based on their production capacity in 2025. First Solar is one of the top solar PV module manufacturers in the world. It is an American solar manufacturing company that manufactures solar PV modules. It was founded in 1999 and is headquartered in Tempe, Arizona.

Are American made solar panels sustainable?

Sustainability: American made solar panels can lower the carbon footprint associated with production due to reduced transportation emissions. Many U.S. solar panel manufacturers are also committed to sustainable practices, such as utilizing recycled materials and implementing energy-efficient production methods.

Why should you choose a solar panel that is made in America?

Choosing a solar panel that is made in the United States supports both American manufacturing and American jobs. Because these panels are designed and tested in the U.S., the specifications provided are true to the environment that you will use them in most of the time.

Who makes illuminate solar panels?

Illuminate USA is an advanced solar panel manufacturing company based in Pataskala, Ohio. It is majorly owned by Invenergy, a U.S.-based renewable energy developer, and Chinese solar LONGi Green Energy Technology. It was founded in 2023. Illuminate USA is a leading U.S. solar panel manufacturer that operates about 1.1 million-square-foot facility.

Is Solaria a US company?

Solaria is a U.S.-based solar panel manufacturer with global reach, including extensions in South Korea. Despite its small scale, it produces high-efficiency solar modules and integrated solar roofing systems designed to blend seamlessly with roof tiles. Its annual production capacity is 40 megawatts.
