

## SolarTech Power Solutions

# Argentina Base Station Communication System Services

## Overview

---

The network was initially developed primarily by , and grew following the system's nationalization in 1948 and the creation of the . Its limitations notwithstanding, ENTel gave Argentines the widest access to phone service in Latin America. Following ENTel's in 1990, a new was enacted, and the number of lines grew to cover the majority of households. A sizable minority of households, do not have land lin.
