Austria Energy Storage Power Station Project

Overview

Verbund AG (VIE:VER) plans to build a new 480 MW pumped storage facility in the Austrian municipality of Kaprun as part of a EUR-1-billion (USD 1.05bn) investment plan in its power plants in the region.

Verbund AG (VIE:VER) plans to build a new 480 MW pumped storage facility in the Austrian municipality of Kaprun as part of a EUR-1-billion (USD 1.05bn) investment plan in its power plants in the region.

The storage facility featuring six Megapack 2XL systems from Tesla was built over a seven-month period in the vicinity of a wood gas generator and a solar farm. The project has a power output of 12 MW and storage capacity of 24 MWh. Slovenian company NGEN has switched on what it claims to be.

Verbund AG (VIE:VER) plans to build a new 480 MW pumped storage facility in the Austrian municipality of Kaprun as part of a EUR-1-billion (USD 1.05bn) investment plan in its power plants in the region. The Austrian utility will spend about EUR 600 million on the new plant, which will be.

Vienna, 24.10.2023 - PORR has been charged with building the Ebensee pumped storage power plant for Energie AG Oberösterreich - a complex undertaking for which the construction company is delivering its bundled expertise. PORR's contract for the power plant is worth approximately EUR 167m and trial.
