

## SolarTech Power Solutions

# Bangladesh 100MW energy storage power station

## Overview

---

What is Bangladesh's largest solar power plant?

The Rays Power Infra solar plant in Sundarganj, Gaibandha, is Bangladesh's largest solar power plant with a capacity of 275 MW. It reached completion in January 2023 and is seamlessly integrated into the national grid.

Where is Mongla 100 MW solar power plant located?

Current Status: Operation Source: The Business Standard Mongla 100 MW Solar Power Plant, also known as Energon Mongla Solar Park or Moidhara Solar Park, is a solar Photovoltaic (PV) power plant situated at Moidhara and Bara Durgapur village of Durgapur Union under Mongla Upazila in Bagerhat District of Bangladesh (Location map: 22.5713, 89.5725).

How many solar home systems are there in Bangladesh?

Bangladesh has successfully deployed over six million Solar Home Systems (SHS) units since 1996. In addition to this, there are thousands of rooftop installations, solar-powered street lighting, telecom BTS, and solar irrigation systems. These active government initiatives have paved the way for a gradual transition towards renewable energy sources.
