Overview

What are the guidelines and bidding documents for hydropower projects in Bhutan?

Utilising the guidelines and bidding documents will mitigate many issues identified in hydropower projects in Bhutan (refer Section 1.2). The intention is to ensure the bidding documents and contract clearly: if necessary, termination of the contract. During the construction phase the three main parties are Employer, Engineer, and Contractor.

Where can I find a contract form for hydropower construction in Bhutan?

A range of contracts forms are available within the FIDIC document library. The one most typically relevant to hydropower construction in Bhutan is “The (new) Red Book” which is most suited to contracts where the majority of design rests with the Employer.

Should FIDIC Conditions of contract be used for Bhutan's hydropower development projects?

This Guidance document recommends the use of FIDIC Conditions of Contract for Bhutan’s hydropower development projects because it is an internationally recognised form of contract that has been used successfully on many projects world-wide.

How to prepare a hydropower project in Bhutan?

For hydropower projects in Bhutan, the preparation phase will include preparation of DPR. The SPV/Project Authority will typically then employ the design consultant separately from the Contractor. Designers need to have experience on the hydropower project.

How much electricity is generated in Bhutan?

In Bhutan, 100% of electricity is generated from hydropower. To date 2,335MW has been harnessed and over 2,930MW is under development, with

more than 10,000MW in various stages of planning. The Government of Bhutan has identified that hydro-electric power development has two important roles to play in the socio-economic development of Bhutan:.

How do I get a guarantee from a bank in Bhutan?

This guarantee shall be issued by the Banks in Bhutan or any international Banking Institutions approved by the Employer, and shall be in the form annexed to the Particular Conditions or in another form approved by the Employer. submit a Statement to the Engineer following each payment period as stated in the Contract Data.
