

SolarTech Power Solutions

British pack lithium battery manufacturer

DETAILS AND PACKAGING

1 USER MANUAL PDF

2 RJ45 Cable For RS485/CAN

3 Battery in Parallel Cables

4 RJ45 TO USB Monitor Cable

5 M8 Terminal*4

Overview

Who makes custom lithium battery packs?

Thanks for submitting! Raeon designs and manufactures custom lithium battery packs of any shape, size or capacity. Built in the UK and trusted across electric, aerospace, defence and industrial sectors.

Who uses Johnson Matthey lithium-ion batteries?

Johnson Matthey has supplied lithium-ion batteries to several leading electric vehicle manufacturers. For instance, they were chosen by Modec, a UK-based commercial electric vehicle manufacturer, as the battery supplier for their new EV. Modec reported significant improvements in vehicle range and overall performance after the switch. 2.

What is a battery pack?

Battery packs designed and manufactured using high-quality lithium-ion and lithium ferrous phosphate battery cells for the aviation and UAV industry. We design and manufacture battery packs for safety products including emergency lighting, hearing protection equipment and powered air personal respirators (PAPR).

Why is Birmingham a hub for lithium battery production?

Birmingham is increasingly recognized as a central hub for lithium battery production in the UK. The city's industrial legacy, combined with its strategic focus on advanced manufacturing sectors, has fostered a conducive environment for lithium battery makers.

What is a custom battery pack?

Custom battery packs developed for medical devices, instruments and equipment which are battery-powered. From telecoms to GPS and tracking hardware, made-to-specification battery packs for navigation devices, private mobile radio (PMR), asset tracking and monitoring.

Is alartek a good battery manufacturer?

Alartek is one of the manufacturers that support clean energy for future generations. Alartek's battery products are known to have reliability in various applications, ranging from electric vehicles, industrial, power portable equipment, UPS, and electric propulsion, to backup battery systems.
