Can the United Arab Emirates produce battery cabinets

Overview

Could the UAE have a Gigafactory?

The biggest names in EV business have committed massive funds to gigafactories. Now, the UAE could have such a project. (Pictured of Tesla gigafactory in Shanghai used for illustrative purposes.) Image Credit: Agency Dubai: A full-scale battery cell manufacturing plant in the UAE?

And that too a gigafactory?

.

How will statevolt Emira 'technology-agnostic' battery production work?

The battery cells that it will produce will be 'technology-agnostic', according to the promoters. Statevolt Emirates will implement a 'modular design' approach, allowing for a faster entry to market as well as a 'solution to diversify production based on technology readiness'.

Will statevolt build a battery plant in Ras Al Khaimah?

Statevolt plans to build such a facility in Ras Al Khaimah, with a planned capital outlay of \$3.2 billion. The battery cells that it will produce will be 'technology-agnostic', according to the promoters.
