Djibouti Home Energy Storage Purchase

Overview

What is a power purchase agreement (PPA) in Djibouti?

Amea Power has secured a power purchase agreement (PPA) for a 25 MW solar-plus-storage project in Djibouti. It will be the country's first independent power producer (IPP) project and is now in development under a build-own-operate and transfer (BOOT) framework.

What is Djibouti's new solar project?

The project will be the first solar Independent Power Project (IPP) in Djibouti and will be located in Grand Bara, south of Djibouti City. The solar project is being fully developed by AMEA Power under a Build-Own-Operate and Transfer (BOOT) model and will generate 55 GWh of clean energy per year, enough to reach more than 66,500 people.

Is AMEA power signing a long-term PPA with Djibouti?

The PPA being signed. Image: Amea Power. UAE-based renewable energy developer AMEA Power has signed a long-term PPA with the national utility of Djibouti for a 25MW solar PV plus battery storage unit. AMEA Power announced the signing of the power purchase agreement (PPA) with Electricité de Djibouti (EDD) today (29 August).

Will AMEA Power Invest in Djibouti's first IPP project?

The solar plant is the country's first IPP project and will be developed under a BOOT model. "The Sovereign Fund of Djibouti (FSD) will be joining the project before financial close as a minority shareholder," AMEA Power said, without providing additional details.

How can Djibouti lower its energy prices?

Djibouti can reduce energy prices by diversifying energy sources toward renewables. The free port of Djibouti finances its own power supply but is not entitled to sell its surplus energy. A regulator is needed to fairly and

effectively regulate electricity prices in Djibouti.

Where does Djibouti's energy come from?

Most of Djibouti's energy supply, around 80%, is sourced from neighboring Ethiopia. At the end of 2023, Djibouti was among the select few countries throughout the world that had yet to install any PV capacity, according to the International Renewable Energy Agency (IRENA).
