Energy Storage Power Station Project Procurement

Overview

What are energy storage procurement contracts?

Energy storage procurement contracts must also take into account the ever-evolving suite of laws and regulations applicable to energy storage projects, including as a result of the recent change in administration in the United States.

What are the different options for energy storage projects?

In each case, there are a number of different options and alternatives. When developing an energy storage project, a project owner can engage an EPC contractor to provide a fully-wrapped EPC agreement that will encompass the procurement, installation, and commissioning of batteries.

How does an EPC contract work for energy storage projects?

When developing an energy storage project, a project owner can engage an EPC contractor to provide a fully-wrapped EPC agreement that will encompass the procurement, installation, and commissioning of batteries. In many cases, however, owners will contract directly with battery suppliers for battery supply and commissioning.

What is New York State's first bulk energy storage competitive solicitation?

Categories: Storage , Energy Policy , Energy Storage , Batteries On July 28, 2025, Governor Kathy Hochul announced the launch of New York State's first bulk energy storage competitive solicitation.

What is the bulk energy storage program?

The Bulk Energy Storage Program will use an innovative Index Storage Credit incentive, as established in the Order and modeled in part on the Renewable Energy Certificate (REC) and Offshore Wind Renewable Energy Credit (OREC) utilized in other NYSERDA programs.

Are energy storage projects a meter utility scale project?

The majority of new energy storage installations over the last decade have been in front of the meter utility scale energy storage projects that will be developed and constructed pursuant to procurement contracts entered into between project developers (or a special-purpose project company owned by such developers) and the utilities.
