

SolarTech Power Solutions

Energy Storage Products Group

Overview

What is ESS Energy Storage?

With up to 22 hours of energy storage, ESS' scalable, flexible solutions enable intermittent energy to provide baseload power to meet growing energy demand from AI data centers and an increasingly electrified society. ESS' American-made solutions are rapidly deployable, available in months instead of years.

What is the New York battery & energy storage technology consortium?

The New York Battery and Energy Storage Technology (NY-BEST™) Consortium, established in 2010, serves as an expert resource for energy storage-related companies and organizations looking to grow their business in New York State.

Why is energy storage important?

Energy storage is essential for creating a cleaner, more efficient, and resilient electric grid. Additionally, these projects will provide meaningful benefits to Disadvantaged Communities and Low-to-Moderate Income New Yorkers. Energy storage is essential to a resilient grid and clean energy system.

Why should you choose Eaton energy storage systems?

Take control of your energy supply, cut your energy bills and simplify your shift toward a more sustainable future. Eaton energy storage systems enable communities and businesses to access a safe, reliable and efficient solution to support the electrification of transportation.

Why should you invest in energy storage systems?

Our vision is supported by strategic investments and a steadfast commitment to our stakeholders. State-of-the-art energy storage systems, designed to challenge the status quo. With unyielding quality, performance, and robustness, they deliver reliability, cost efficiency, and cutting-edge

functionalities.

What is xstorage battery energy storage system (BESS)?

The xStorage battery energy storage system (BESS) offers 250 to 1000 kWh of stored energy, providing eco-friendly backup power during outages and optimizes solar energy consumption, while also managing peak demands to reduce utility costs. Capture energy whenever it's available and use it on demand.
