

SolarTech Power Solutions

Estonian home rooftop solar panel manufacturer

Overview

Solarstone is reinforcing Estonia's commitment to sustainable energy solutions by opening Europe's largest solar roof factory to produce 14 times as many building-integrated solar roofs as Tesla in the U.S. The factory can assemble 13,000 integrated solar panels per month. What is Solarstone doing in Estonia?

Solarstone is reinforcing Estonia's commitment to sustainable energy solutions by opening Europe's largest solar roof factory to produce 14 times as many building-integrated solar roofs as Tesla in the U.S. The factory can assemble 13,000 integrated solar panels per month.

Who makes Solarstone solar panels?

The new factory is backed by investments from Estonian-based companies Sunly and Biofuel. The Solarstone product goes beyond a standard rooftop solar panel. Their building-integrated photovoltaics (BIPV) serve a dual purpose as both a roofing material and an energy generator, turning sunlight into electricity.

Is Solarstone a good example of repurposing underutilised rooftops?

Solarstone is an excellent example of repurposing underutilised rooftops into valuable energy assets, aligning with the growing trend of optimising urban and industrial spaces amid ongoing discussions in certain European countries regarding the prohibition of solar parks on agricultural lands.

What is a Solarstone solar panel?

The Solarstone product goes beyond a standard rooftop solar panel. Their building-integrated photovoltaics (BIPV) serve a dual purpose as both a roofing material and an energy generator, turning sunlight into electricity. "We offer a 2-in-1 solution that is markedly more eco-friendly.

Does Tesla have a solar roof?

In the last seven years, Tesla has installed solar roofs for 3,000 homes in the

U.S. According to the CEO of Solarstone, Silver Aednik, the new factory helps to drive the industry transformation globally. The plant's annual production capacity of 60 MW bolsters Solarstone as the leading building-integrated photovoltaics production unit in Europe.
