

SolarTech Power Solutions

Field communication base station power box

Overview

What is a COMBOX® electrical / communications box?

The ComBox® electrical / communications box is the perfect solution for enclosing power, electronics, or communications in your athletic field or other sports surface. The ComBox® can handle AC power, communications, lighting, scoreboards, cameras, timing devices, Wi-Fi, public address systems, and any other track and field utility you may need.

What is a SportsEdge communication/electrical box?

The SportsEdge® Communication/Electrical Box is a multi-purpose junction box for power and communication needs for athletic field construction. It easily handles the installation of all necessary track and field utilities.

What is a Communication Box?

A Communication Box, as offered by SportsEdge, easily handles the installation of various track and field utilities. Models are available to accommodate various playing surfaces, including track surfaces, grass, asphalt pavement, and artificial turf. There is a SportsEdge Communication/Electrical Box to fit almost any application.

What types of communication boxes are available?

SportsEdge offers a variety of Communication Boxes to accommodate almost any playing surface. Models are available for use on track surfaces, grass, asphalt pavement, and artificial turf. For more information, please see our product brochure for Communication Boxes.
