How will the container be delivered to my location?

What about cost?

RPS delivers the container via trailer. Delivery is not included in the cost and transportation will be charged at actual quoted rates. Cost will be dependent on distance traveled, and calculated custom for your location. We will.

Power up your outdoor equipment with reliable and long-lasting batteries designed to keep you going through all your farming, gardening, and outdoor activities. From tractors to lawnmowers, flashlights to radios, finding the right batteries is essential for ensuring your tools and gear are always.

If you're using batteries with your off-grid system, you will need to protect them from the elements and separated from living areas. Often that means a dedicated enclosure. We supply various sizes of enclosures for holding batteries and associated electronics. Our most popular metal battery boxes.

The outdoor battery storage container is designed for outdoor environments and can effectively resist adverse factors such as wind, rain, sun, humidity

and extreme temperatures to ensure the safety and stability of the battery during storage. It improves the safety and emergency handling.

Product Dimensions (WxDxH): 13" x 9.5" x 8.75", Approx. Interior Dimensions (WxDxH): 8.5" x 11.8" x 7", 3 gallon (693 cubic inches) capacity. Call 1-877-805-8650 (M-F, 9-5 p.m. CST) if you have questions about this product. Small quantities ship parcel and larger quantities (>150 lbs) ship freight. How many batteries can a metal battery box hold?

We supply various sizes of enclosures for holding batteries and associated electronics. Our most popular metal battery boxes are the NEMA 3R (rainproof), mill finish aluminum boxes, which can hold from a single battery up to 6, 8, or 10 if pad mounted. Many standard mill finish aluminum metal battery boxes are in stock, ready to ship.

Which battery bank should I choose for the Instant off-grid containers?

Choose between a GEL Deep Cycle Sealed Lead Acid battery bank or a next-gen Lithium Iron bank. See below for more details and pictures. Pre-configured by RPS engineers. 370W solar panels power the Instant Off-Grid Containers. Each panel measures 69.1" x 40.9" x 1.4".

What types of batteries can be stored in a battery box?

Customers are satisfied with how the battery box accommodates various types of batteries, including large LiFePO4 units and 100 Amp Hour hybrid gel batteries, while being the right size for class 27 batteries.

What is a space saver battery container?

[Space Saver Battery Container] This compact and lightweight battery carrying Case is easily put in drawers and shelves with your other household items. Very suitable for holidays, home, outdoor, travel, camping, hiking, caving, and fishing. It is also a great gift for holidays, birthdays, Thanksgiving, and Christmas battery storage organizer.

How good is a battery box?

There's not a whole lot you can say about a battery box, but this does seem a little nicer than the smaller battery box it is replacing. The vents have covers to keep the rain out. There are 4 channels in the lid so you can run cables out of any corner. The strap comes with some screws so you can permanently attach it to something.

Is the battery box waterproof?

Customers have mixed experiences with the battery box's waterproofing: while some say it keeps the battery protected from the elements, others report that the box fills with rain water and is not fully waterproof. ". It's waterproof, and it has housed our AGM battery in all seasons and conditions.
