Who is PT Indo Energi Elektrik?

PT. INDO ENERGI ELEKTRIK started in Indonesia in 2018. The company is engaged in research and development, production and sale of energy distribution systems, standard lithium battery modules, a lithium battery energy storage system (ESS), a battery management system (BMS) and a power location platform.

What is a battery management system?

A battery management system monitors and ensures the safe operation of batteries, crucial for preventing accidents like ignitions, electric shocks, and explosions. Also known as a battery management unit (BMU), this technology is gaining prominence with the rise of smartphones and the shift towards electric vehicles (EVs).

What is a BMS power converter?

The BMS ensures safe and optimized battery performance, while their power converters facilitate energy conversion and distribution. These products find applications in electric transportation, residential and commercial solar installations, grid stabilization projects, and industrial energy management.

What does BMS stand for?

Within that, its renewable energy group is developing a battery management system (BMS) for battery storage with an industry partner. It also signed an October 2022 collaboration agreement with Malaysian automation and assembly company Genetec Technology, to work on the development of BESS technology.
