

## SolarTech Power Solutions

# Integrated cabinet energy storage solution

## Overview

---

Integrated energy storage cabinets for new energy are used to store and manage energy storage systems, batteries, and related components in renewable energy installations, microgrids, and off-grid systems. What is ESS cabinet?

SHANGHAI ELECNOVA ENERGY STORAGE CO., LTD. The all-in-one air-cooled ESS cabinet integrates long-life battery, efficient bidirectional-balancing BMS, high-performance PCS, active safety system. This series of products adopts an advanced single-cabinet independent liquid cooling control scheme and uniform temperature control strategy.

What are the benefits of a low-voltage AC-side cabinet integration?

Low-voltage connection for AC-side cabinet integration, ensuring zero energy loss  
Four-in-one Safety Design: "Predict, Prevent, Resist and Improve"  
Predict: AI-powered big data analytics for 8-hour advance fault prediction  
Prevent: High-precision detection provides 30-minute early warnings.

What is smart energy storage?

Standardized Smart Energy Storage with Zero Capacity Loss All-In-One integrated design, 1.76㎡ footprint, saving more than 30% of floor space compared to split type  
Low-voltage connection for AC-side cabinet integration, ensuring zero energy loss  
Four-in-one Safety Design: "Predict, Prevent, Resist and Improve".

What are the advantages of standardized Smart Energy Storage?

Zero capacity loss, 10 times faster multi-cabinet response, and innovative group control technology  
Meet various industrial and commercial production and life applications  
Standardized Smart Energy Storage with Zero Capacity Loss All-In-One integrated design, 1.76㎡ footprint, saving more than 30% of floor space compared to split type.

What are the advantages of a multi-cabinet system?

Multi-dimensional use, stronger compatibility, meeting multi-dimensional production and life applications High integration, modular design, and single/multi-cabinet expansion Zero capacity loss, 10 times faster multi-cabinet response, and innovative group control technology
