MINNEAPOLIS (Nov. 3, 2025) — Xcel Energy plans to build the Midwest's largest battery energy storage site at the Sherco Energy Hub in central Minnesota. The project is among a series of investments that will strengthen the region's energy security and expand the company's investment at Sherco and.

In the U.S., the company is further expanding its green energy portfolio with the recent completion of three new battery energy storage systems (BESS) totaling 190 MW (361 MWh) in the States of Texas and Arizona. The three BESS projects - Bright Arrow, Big Star and Mesquite 4 - bring RWE's total.

The Long Island Power Authority approved two utility-scale battery energy storage contracts on Wednesday, Dec. 18 — a 50-megawatt project on LIPA's property that had formerly been slated to become the Shoreham Nuclear Power Plant, and a 79-megawatt facility on Rabro Drive in Hauppauge. Pictured.
