

SolarTech Power Solutions

Lithuanian double-glass solar module manufacturers

Overview

Where are SoliTek solar panels made?

In 2014, the SoliTek brand was launched, and production of glass-glass solar modules began. The company expanded into solar energy projects and installations in Lithuania by 2018. In 2020, SoliTek shifted towards battery manufacturing for solar systems, establishing partnerships for a factory in Vilnius.

What are Solet's glass-glass modules?

Solet's glass-glass modules are solar panels with solar cells arranged between two glass panes. We rely in particular on this technology to offer our customers longevity and maximum efficiency. Solet uses reliable and advanced technology, along with standard modules.

Does Lithuania have a solar power plant?

An 850 kW solar power plant covers the building's facade and roof. It is also the first building in Lithuania to incorporate a solar power plant of this size into its facade. The IVC building is not connected to the city's heating network. The heating function is provided by 80 geothermal boreholes dug to a depth of 130 metres.

Are SoliTek solar panels sustainable?

SoliTek solar panels are the first and only in the world to have the prestigious Cradle to Cradle gold certification, known as the "Oscar" of sustainability. As a manufacturer of renewable products, SoliTek goes even further. It's a net zero PV company, using exclusively 100% renewable energy in its module manufacturing.

Who manufactures Solet solar modules?

UAB Solet manufactures Solet Photovoltaics solar modules. In addition, they have produced modules for recognized foreign brands. Quality is ensured

through co-certification and annual audits by customers. Driven by Solar energy to implement your ideas!.

Can SoliTek solar modules be installed on a roof?

SoliTek solar modules are so tough that they could be installed not on the roof, but instead of roof (just as roof tiles). Yet, SoliTek doesn't stop here. Their R&D team is always on for new ways to integrate solar energy to improve daily life.
