

SolarTech Power Solutions

Multifunctional energy storage power supply dealer

Overview

Which energy storage systems are UL certified?

The complete system is certified to the latest UL 9540, the safety standard for energy storage systems in both the Canada and the USA. SUNSYS HES L is a modular energy storage system that uses 2 standard cabinets to enable 29 UL-certified configurations, providing ideal system sizing for a variety of projects.

What services does power Edison offer?

Power Edison's comprehensive offerings include regulatory policy support, grid analytics, customized engineering designs, project finance and operations and maintenance. Power Edison is an entrepreneurial company based in the greater New York area with experience in technologies, financing, and business models for mobile energy storage systems.

What are energy storage supply chain programs?

Our energy storage supply chain programs feature innovative warehousing and inventory management services designed to help energy storage industry participants broaden their market reach and gain a competitive advantage through improved cash flow and working capital optimization.

What is a commercial and residential energy storage system?

Modern commercial and residential energy storage systems are built on user-friendly, AI-enabled software platforms designed to deliver superior energy efficiency and flexibility.

What is a power Edison mobile ESS?

Power Edison mobile systems are designed - from the ground up - to be modular, robust, reliable, flexible and cost-effective electrical capacity resources that can provide a wide spectrum of electricity-related services and benefits. To add even more flexibility, Power Edison mobile ESS's can be purchased, rented or leased.

How do energy storage systems work?

By storing electricity for instant access during peak hours and grid outages, they enable home- and business owners to get the most out of their solar installations while reducing their reliance on the grid. What are Energy Storage Systems?
