Outdoor Power Survival Gear

Overview

What should a survival gear collection include?

A solid collection of survival gear—beyond just a trusty backpack—should include tools, shelter, fire starters, and medical supplies to help you stay safe when things go south. Not all survival gear is created equal, though. The last thing you want in an emergency is for your equipment to fail when you need it most.

What is the most important piece of survival gear?

The most important piece of survival gear will often depend on the circumstances of your environment. In a hot, arid, dry climate, your most important piece of survival gear may be water. In a cold rain, it may be shelter. In heavy snow, it may be insulative clothing and fire-starting materials.

Q: What should I put in my survival backpack?

.
