Overview

What are outdoor cabinet solutions?

Outdoor cabinet solutions are widely used in various sectors:

Telecommunications: In telecommunications infrastructures, outdoor cabinets are used to protect base stations, network switches and other communication devices located outdoors.

What is an outdoor Telecom cabinet?

Technologies such as digital transformation, Industry 4.0 and Big Data create revolutionary differences in our lives. Outdoor Telecom Cabinets are rugged enclosures designed to protect telecommunications equipment from environmental factors while providing secure access for maintenance.

Can a base station be built inside OUTD cabinets?

A whole base station can be built inside our OutD cabinets. Our OutD series includes multiple wall structure alternatives for protecting telecom equipment in the best possible way, from a single-layer wall construction with light and cost-effective design to a multilayer construction designed for more demanding conditions.
