Samoa Sand Outdoor Power Supply Parameters

Overview

Samoa uses Type I electrical outlets with standard voltage of 230V and 50Hz frequency. If your device plugs don't match Samoa's standards, we recommend purchasing suitable travel adapters in advance to ensure proper use. What power plug types are used in Samoa?

What voltage does Samoa use?

The voltage in Samoa is the same as in Europe. However, Europeans will need a travel adapter when traveling to Samoa. What Outlet does Samoa Use?

Type I plug sockets are used in Australia, New Zealand. They have two flat pins and a grounding pin. These plugs are typically used with devices that have a voltage of 230V.

Do I need a power adapter in Samoa?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Samoa, you will need a power adapter and/or a voltage converter/transformer. The standard voltage in Samoa is 230 V, and the standard frequency is 50 Hz.

Can a universal power adapter fit a Samoa outlet?

Universal power adapters usually come with multiple plug types and can be adjusted to fit Samoa outlets and many others. If your devices are not compatible with the voltage in your destination country, a voltage converter or transformer will also be necessary to convert the voltage to the appropriate range for your devices.

Which plugs are compatible with Samoa?

These sockets are compatible with type A and type C plugs, but a power adapter might be required for some devices. The voltage in Samoa is 230 volts, and the frequency is 50 Hz. Travelers are advised to bring a suitable

power adapter that supports type I sockets when visiting Samoa.

What type of plugs & sockets are in Samoa?

In Samoa, the power plugs and sockets are Type I. It has three flat pins: two angled ones and one straight one. Note that some appliances don't have that straight bottom pin but they are still compatible with Samoa's electrical outlets.

What is the electrical current in Samoa?

In Samoa, the electric current is 230 V 50 Hz. This means that the electrical current is 240 volts with 50 cycles per second. If your country of origin uses a voltage that ranges between 220 and 240 V, then you will be able to use your appliances and gadgets in Samoa with no problem at all.
