Serbia Large Energy Storage Battery Manufacturer

Overview

Serbia will have Europe's first Lithium-Iron-Phosphate (LFP) factory. The Serbian battery manufacturer ElevenEs secured the investment from EIT InnoEnergy, a sustainable energy innovations supporter, to build a 100 per cent renewable energy-powered LFP battery factory in Subotica.

Serbia will have Europe's first Lithium-Iron-Phosphate (LFP) factory. The Serbian battery manufacturer ElevenEs secured the investment from EIT InnoEnergy, a sustainable energy innovations supporter, to build a 100 per cent renewable energy-powered LFP battery factory in Subotica.

Nemanja Mikac is the founder and CEO of ElevenEs, which is one of the first lithium-iron-phosphate battery factories in Europe. Nemanja Mikać revealed for "Blic Biznis" what role our country can play in the European e-mobility chain, whether we have the capacity to become a significant exporter of.

Serbia's battery producer ElevenEs is completing the construction of its mega factory in Subotica, which will manufacture lithium iron phosphate (LFP) batteries, according to CEO Nemanja Mikać. "The ElevenEs team is already working on increasing production capacity, and 2026 will be crucial for the.

RP Global is a developer and independent power producer (IPP) specializing in solar PV, wind, hydro, and storage projects across Europe and Latin America. The company leverages over 40 years of experience in the renewable energy sector, focusing on developing, operating, and investing in projects.

Battery storage startup ElevenEs said its manufacturing facility in Serbia is fully operational. It is the first lithium iron phosphate (LFP) battery cell factory in Europe, it added. In Serbia's northernmost city of Subotica, a project is underway for a battery gigafactory with an annual capacity.
