

SolarTech Power Solutions

Small solar power generation system in Brunei

Overview

Brunei opened its first , the 1.2 MW Tenaga Suria Brunei , on 26 May 2011 by . The plant powers up around 200 houses in the nation. The facility spent two years in the assessment and analysis phase with the aim of determining the performance traits of six different types of PV panels and, consequently, determining the op.

A joint venture partly owned by a subsidiary of Malaysia's Solarvest will build Brunei's first utility-scale solar plant under a 25-year power purchase agreement (PPA) with the Brunei government. A 30 MW solar park is under development in Brunei.
