

SolarTech Power Solutions

Solar Base Station Calculation

Warranty
10 years

LiFePO₄

Intelligent BMS

Wide Temp:
-20°C to 55°C

Overview

Our calculator helps you find the ideal battery bank size, watts per panel, and charge controller. When building an off-grid system, size it based on the month with the least sunlight. Use your electric bill to find monthly kWh usage, then divide by 30 to get daily usage in watt-hours.
