

**SolarTech Power Solutions**

# **Solar Micro Power Generation System**

## Overview

---

Policymakers were accustomed to an energy system based on big, centralised projects like nuclear or gas-fired power stations. A change of mindsets and incentives are bringing microgeneration into the mainstream. Planning regulations may also require streamlining to facilitate the retrofitting of microgenerating facilities onto homes and buildings. Most of developed countries, including Canada (Alberta), the United Kingdom, Germany, Poland.
