Your Solar Guardians! Contact Your Solar Guardian and Start Saving Today! .

Fiji has abundance of sunshine and with this available resource; the Department of Energy (DOE) has been able to utilize it to its full potential. Remote villagers and settlements which could not be connected to the FEA grid and houses that have been distributed further apart gives us no other.

Eddy May, the founder of NRG Solar based in South Australia, and Rob Manson, the founder of I Want Energy in Tasmania, recognized the growing demand for renewable energy solutions in Fiji and shared a common vision of providing high-quality solar and battery storage installations to the region.

VES improves lives by providing affordable, reliable, and safe electricity for households without access to utility-generated electricity. Our off-grid home solar systems are professionally designed to meet the most common power requirements with two days backup energy storage. From the basic.

Solar Fiji proudly completes one of the largest off-grid residential solar installations on Viti Levu Drive in Pacific Harbor, Suva. This state-of-the-art 3.96kWp system is expertly designed to power a fully air-conditioned, modern home — completely independent of the grid. System Highlights:.

360 Energy Solar is designed to meet your power needs today, with the flexibility to adapt as your needs change. It's just a brighter way to do energy. We don't limit you to what one manufacturer wants you to have. Instead, we look at your life, your house and how you use energy. Next we. Why should you choose Ves solar energy in Fiji?
