

## SolarTech Power Solutions

# Solar energy storage batteries in Cameroon

## Overview

---

Release completed the already existing solar plants in Maroua and Guider in Cameroon (35.8 MW solar and 19 MWh BESS) in September 2023, and is now adding 28.6 MW of solar and 19.2 MWh of battery storage.

Release completed the already existing solar plants in Maroua and Guider in Cameroon (35.8 MW solar and 19 MWh BESS) in September 2023, and is now adding 28.6 MW of solar and 19.2 MWh of battery storage.

Release by Scatec, a distributed-generation solar and battery energy storage systems (BESS) solution, is set to expand its solar and storage capacity in Cameroon by 28.6 MW and 19.2.

Release by Scatec, a subsidiary of the Norwegian group Scatec, has begun a major expansion of its solar and battery plants in the northern Cameroonian cities of Maroua and Guider.

Enter solar energy storage batteries – the unsung heroes powering everything from farm irrigation to mobile phone charging stations. With 60% of Cameroon's population lacking reliable grid electricity, solar battery systems have become the backbone of off-grid energy solutions.

Released by Scatec, a flexible leasing agreement of pre-assembled and containerised solar PV and battery equipment has inaugurated two solar hybrid and battery storage plants in Maroua and Guider, Cameroon.
