Abu Dhabi-based Global South Utilities (GSU) has officially inaugurated the Noor Chad 50 MW Solar PV Plant in N'Djamena — a landmark project that marks the first large-scale solar installation in Chad's history. Once operational, the facility will deliver clean electricity to approximately 274,000.

The facility will provide electricity to 274,000 homes and reduce reliance on imported diesel. The facility combines 50MW of solar PV capacity with a 5 MWh BESS. Credit: Anna Yordanova/Shutterstock.com. Abu Dhabi-based Global South Utilities (GSU) has inaugurated the Noor Chad 50MW solar.

Chad plans to raise \$1.1 billion to add 886 MW of power capacity, the majority of which is expected to be solar. Chad is aiming to deploy 520 MW of new solar by the end of the decade. The target forms part of the country's national development plan, Chad Connection 2030, which launched earlier this.

The proposed project concerns a EUR 18 million loan as well as a Partial Risk Guarantee (GPR), for the establishment of the Djermaya solar power plant in

Chad. Djermaya Solar is a key building block of the Desert to Power Initiative and is of high strategic importance for Chad. It is the first.
