

SolarTech Power Solutions

Southern Solar Water Pump Inverter Manufacturer

Overview

What is a solar water pump inverter?

SI22 solar water pump inverter is cost-effective and economical, small and exquisite, palm-sized, greatly saving installation space and transportation costs. Solar pumping system converts solar energy directly into electric energy, and then drives motors to drive water pumps to pump water from deep wells, rivers, lakes and other water sources.

Where are solar water pumps made?

Their headquarter is located in Denmark. Since their first water pump was come out in 1945, they have been continued to innovate and now it is one of the biggest water pump manufacturer in the world. They have a wide range water pump lines, solar water pump is just one of their water pump categories.

How does a solar pumping system work?

Solar pumping system converts solar energy directly into electric energy, and then drives motors to drive water pumps to pump water from deep wells, rivers, lakes and other water sources. The system consists of solar panels, solar pump inverter and water pump.

Who is the best solar water pump supplier in the USA?

RPS Solar pumps is a 100% USA company, they developed their first solar water in the year of 2012, and after 2 years test and develop, and finally launched into the market in 2014. Now there is 10 years past, their solar water pumps have been trusted by many customers, and now they are one of the best solar water pump supplier in the USA Market.

Which solar water pump inverter is best?

With modular design and IP65 protection, VEICHI SI30 solar water pump inverter is highly praised by customers. SI22 solar water pump inverter is cost-

effective and economical, small and exquisite, palm-sized, greatly saving installation space and transportation costs.

What is veichi SI series solar water pump inverter?

VEICHI SI series solar water pump inverter is a high-efficiency solar water pump controller which can make full use of solar energy to drive water pumps for agricultural irrigation, water supply system, fountains, ground water lowering and etc.
