Buy at Tienda Solar with 0% VAT!! Online store of photovoltaic energy specialists in solar panels, energy solutions, solar inverters, batteries and solar kits with over 10 years of experience. Purchase with your country VAT at Tienda Solar!.

How much does a solar system cost?

Solar Panels: Approximately €600 to €1,200 per kW. Inverter: Around €1,000 to €2,000 depending on the system size. Installation: Typically €1,000 to €3,000, based on complexity and location. Other Costs: Includes permits, inspections, and miscellaneous fees, which can add an additional €500 to €1,000.

Why are module prices so high?

We're seeing a clear trend of limited availability for the most sought-after

module brands. Producers and distributors holding these products are capitalising on the situation, which is pushing prices higher. Meanwhile, inverter stocks remain plentiful, keeping prices soft – a stark contrast to the module market’s supply crunch.
