

## SolarTech Power Solutions

# Sudan Energy Storage Power Station Project

## Overview

---

In March 2020, South Sudan's installed generation capacity was reported as approximately 130 MW. Most of the electricity in the country is concentrated in Juba the capital and in the regional centers of and . At that time the demand for electricity in the county was estimated at over 300 MW and growing. Nearly all electricity sources in the country are based, with attendant challenges of cost and environmental pollution. There are plans to build new generati.
