Tajikistan Energy Storage Power Station Manufacturing Plant

Overview

What is Tajikistan's hydropower potential?

Tajikistan's hydropower potential is estimated at 527 billion kWh per year, which exceeds the existing electricity consumption of the countries of Central Asia by 300%. The country's largest project is the Roghun Dam Hydropower Plant project, which when completed is estimated to produce 3600 Megawatts of energy.

What is the energy sector of Tajikistan?

The energy sector of Tajikistan includes several entities. The electric power is the responsibility of the State-owned joint stock company Barqi Tojik, which entirely controls production, transportation and distribution of electricity in Tajikistan.

What is the share of thermal power plants in Tajikistan?

In Tajikistan, thermal power plants account for a share of 6.1% (318 MW) in the electricity generation. It should be noted that more than 98% of electricity in Tajikistan is generated by hydropower plants, including 97% from large and medium HPP. The share of thermal power plants is relatively small.

How much power does Tajikistan have?

According to the World Bank, Tajikistan's power production is 92 percent hydropower, six percent hydrocarbon, and two percent from other sources. Tajikistan's hydropower potential is estimated at 527 billion kWh per year, which exceeds the existing electricity consumption of the countries of Central Asia by 300%.

Is Dushanbe 2 a coal-fired power plant in Tajikistan?

Project-level coal details Dushanbe-2 power station is the only coal-fired plant in Tajikistan and one of the two thermal power plants, the other one being the gas-fired Dushanbe-1 power station.

Can Tajikistan become a net energy exporter?

The Government of Tajikistan aims to transform itself from a net energy importer to a net energy exporter, on the strength of its potential for hydropower and solar power production. According to the World Bank, Tajikistan's power production is 92 percent hydropower, six percent hydrocarbon, and two percent from other sources.
