

## SolarTech Power Solutions

# UAE Valley Energy Storage Equipment Manufacturer

### WORKING PRINCIPLE

## Overview

---

Does enericap have a manufacturing facility in Dubai?

Additionally, Enercap Energy Holding Limited has agreed to acquire an existing manufacturing facility in Dubai Industrial City (DIC), which will be upgraded to 6GWh/year capacity. Enercap has a current global demand of over 30GWH of large-scale battery energy storage systems (BESS).

What is the largest SuperCap energy storage manufacturing facility in the world?

This will be the largest supercap energy storage manufacturing capacity in the world and one of the largest energy storage or battery manufacturing facilities. As part of this collaboration, Enercap Energy Holding Limited, the joint venture, will establish a fully automated 10GWh/year manufacturing facility in Mussafah Industrial Zone, Abu Dhabi.

What are CATL battery-powered energy storage systems?

CATL battery-powered energy storage systems provide energy storage and flexibility in power generation. Instant utilization and energy output due to battery electrochemical technology and the technology of electricity production using gas-piston units can be combined into a single most efficient system.

Where are enericap energy storage systems made?

Enercap's energy storage systems are designed, developed and manufactured in the UAE. ROX's collaboration with Enercap will enable an advanced nonchemical supercapacitor-based energy storage to be applied to the ROX vehicle range.
