Vanuatu device to 220v inverter

Overview

The voltage used in Vanuatu is 220V and the frequency is 50Hz. If this is the same in your own country, you don't need a voltage converter when travelling to Vanuatu. If the voltage and/or frequency in your country is different, you should check if your devices are dual.

The voltage used in Vanuatu is 220V and the frequency is 50Hz. If this is the same in your own country, you don't need a voltage converter when travelling to Vanuatu. If the voltage and/or frequency in your country is different, you should check if your devices are dual.

TRANSFORM YOUR DRIVE - Effortlessly convert 12V DC to 220V AC for all your devices. STAY COOL UNDER PRESSURE - Advanced cooling system ensures optimal performance. TRAVEL LIGHT CHARGE RIGHT - Compact design for on-the-go power solutions. The LEVADA PLUS Car Power Inverter 200W transforms your.
