

SolarTech Power Solutions

Waterproof 12v to 220v inverter

Overview

● 700W modified sine wave inverter with available in 12V and 24V input voltages, selectable output voltage 110V or 220V. ● Housed in a thickened aluminum alloy shell, built with an advanced intelligent chip. ● Intelligent temperature control, with a smart fan that automatically activates upon startup, convenient interfaces support multiple device connections. ● Perfect for use in cars, RVs, boats, and off-grid solar systems.

Waterproof 12v to 220v inverter
