Whether you are outfitting your home in case of an extended power outage or looking for a steady supply of off-grid power for your overlanding setup, it's never been a better time to purchase a solar generator. But sifting through all the available options on the market — power stations that are.

The best solar generators for home backup, off-grid living, and RV use provide clean, portable power exactly when you need it. Top-rated models include the EF ECOFLOW Solar Generator DELTA 2 Max for all-around performance, the BLUETTI Portable Power Station AC180 and Anker SOLIX C1000 for compact.

Solar generators can make your life a little easier on a good day or save you on a bad day. These powerful power packs offer huge battery capacity that can fuel large devices and even appliances in a pinch. They're great in an emergency, but they're also essential tailgating and camping equipment.

The best solar generator pairs a large-capacity rechargeable power station — a big battery, at heart — with a set of portable solar panels, making for a versatile device that can provide backup power for your home during an emergency and do double duty for off-grid activities like camping.

These 9 solar generators come with panels included, so you're ready to go right out of the box. Let's find the one that'll keep you charged - no matter what. Harness the Sun's Power with These Solar Generators - Panels Included!

1. EF ECOFLOW Solar Generator DELTA2 with 220W Solar Panel The EF.
