# What to do if the battery cabinet makes a loud current noise

## Overview

---

Do lithium batteries make noise?

However, lithium batteries are not supposed to make noise. So if you begin to hear strange noises from your lithium battery then there is an underlying problem that needs to be addressed quickly. Hearing noise from your battery is dangerous as there can be a risk of fire or explosion.

What should I do if my battery makes a hissing noise?

If the hissing noise in your battery stops unevenly, do not attempt to use the device or charge it. This indicates your battery is damaged and it's unrepairable. Trying to use it will possibly cause fire or explosion. You can take your device to a safe place where there is nothing incombustible and take out the battery pack.

Why is my battery making a loud noise?

You can place it on concrete and perhaps call your local fire department. Voltage noise occurs when your battery suffers a short circuit. The increased voltage noise usually occurs when the metallic lithium anode and the heterogeneous discharge thereof.

What should I do if my electronic device makes noise?

If you notice the battery in your electronic device is making noise the best line of action is to remove the battery from the device. If your battery is very hot and you can't take it out of the device. Then the best line of action is to take your device outside as quickly as possible.

Can a lithium battery make a hissing noise?

Your lithium battery should never hiss, but if you hear a hissing noise from your lithium battery then it may be about to explode, catch fire and cause other catastrophic failures. If you notice the battery in your electronic device is making noise the best line of action is to remove the battery from the

device.

Do noise & ripple currents affect lead-acid batteries?

Although noise and ripple currents occur in many stationary lead-acid battery systems, there is controversy about their effects on lead-acid cells: some claim it shortens the service life, while others believe it has virtually no effect.
